

Khidmat Proposal Form

Section 1: Metadata

to be filled by the student

1.1. Project Information to be filled by the student

Title: Teaching Assistant for Code Girls Python Course	
Start: June 27, 2025	End: August 9, 2025

1.2. Student(s) Information

Name: Khadija Abbas	ID: ka09196
Cell: 03032931186	Batch: 2027
Name:	ID:
Cell:	Batch:

1.3. Client Information

Organization Name: <i>CodeGirls by ConsulNet Corporation</i>	Contact: <i>0333 3654348</i>
Address: <i>166 G/5 ConsulNet Corporation PECHS Block 3 Karachi</i>	
Supervisor: <i>Samana Hassan</i>	Cell: <i>0333 8359654</i>
Email: <i>samana.hassan@genetech.io</i>	

Section 2: The Project

to be filled by the external supervisor

2.1. Project Description: *Please provide a brief introduction of the project including its scope.*

CodeGirls is a sponsored bootcamp for women aimed at reducing the skills and gender parity gap in Pakistan's tech industry. Having successfully conducted over 1,400 trainings and empowered more than 900 young women across Karachi, Skardu, and Cape Town, CodeGirls is a recognized platform for impactful tech education.

As a Trainer Assistant at CodeGirls, you will play an essential role not only in managing the logistics of the sessions but also in directly supporting the teaching and learning process. This role fulfills the Khidmat Committee's requirement for students to actively use their computer science skills—such as programming instruction, content development, and technical mentoring—within a community impact initiative.

Your responsibilities will include:

- Teaching & Content Review Support:
 - Conduct a 15-minute activity at the end of each class to review the day's material through quizzes, discussions, or hands-on tasks.
 - Facilitate a Q&A session at the start of each class, helping students address any confusion from the previous session.
 - Assist in planning supplementary activities and refining teaching material to ensure better student comprehension.
 - Project Guidance and Skill Development:
 - Support students in building their final projects by offering guidance on technical topics, internet research skills, and resource utilization.
 - Mentor students on best practices in programming, logical thinking, and code structure.
 - Technical & Software Support:
 - Help with software installation, environment setup, and troubleshooting technical issues during and outside class.
 - Provide one-on-one support where necessary for students who need help getting tools or code to work.
 - Training Setup and Maintenance:
 - Prepare and maintain equipment and materials to ensure smooth session flow.
 - Lecture Recording:
 - Start and end lecture recordings using Camtasia, ensuring each session is saved in the designated folder.
 - Communication & -Administrative Support:
 - Actively respond to students' non-administrative queries via WhatsApp Class Groups.
 - Assist trainers in posting attendance, updating grades, and sharing assignments promptly.
- This role goes beyond logistical assistance and centers around teaching, mentoring, and hands-on programming support.*

2.2. Expected Deliverables: *Please list the expected outcomes at the end of this project, e.g. a working prototype of the solution, a report, or the expected contribution to be made by the participant(s).*

*Smooth execution of classes.
Well maintained class attendance, grades, assignments, and recordings' records
Students' queries related to course content must be addressed timely.*

Khidmat Proposal Form

2.3. Planned Schedule: *Kindly list the start/end dates and the timeline for the achievement of any intermediate milestones.*

27th June - 9th August 2025

Khidmat Proposal Form

2.4. Modus Operandi: *Kindly explain the mode of operation i.e., how often and for how long should the student should visit your site, can they work remotely, how you will supervise them*

*27th June to 9th August Visit site on every Fri-Sat 11 am-2 pm
Volunteer will be guided and supervised every time she visits the premises.*

2.5. Comments: *Kindly mention any special requirements you expect and/or any comments you might have.*

Punctuality and Regularity: It is critical to be on time and observe regularity. Please make sure you convey to the admin a day beforehand if you expect to miss a day or expect to be late.

Professionalism: Act courteously and respectfully with everyone involved.

Respect Data Privacy: Keep information about participants and CG private. Don't share data or course content unless authorized.

Growth Mindset: We appreciate openness to feedback to keep improving together.
